PRODUCT : PRO-Tech Multi Foam

Description

PRO-Tech Multi Foam is specially developed as a professional cleaner for virtually any surface. It removes, among other things, grease, (lubricating) oil, nicotine, silicone, fingerprints etc. from various surfaces and is ideal to use for cleaning glass, upholstery, fitted carpet, worktops etc. Leaves no streaks. The product is adhesive to both horizontal and vertical surfaces and has an antistatic effect.

Applications

Glass
Upholstery
Fitted carpet
Worktops
All smooth, non-porous surfaces.
